

The Swedish Institute at Athens and the
Digital Periegesis Project (Uppsala University)
welcome you to a workshop

*Connecting Some Dots in Greek Topography:
Dipylon and Chronique de Fouilles/
Archaeology in Greece Online*

Welcome to an afternoon where Georgios Lampropoulos and Catherine Bouras discuss their experiments in creating or improving open, reusable site, object, and related identifiers and datasets for Athens and Greece. We hope you will join us again to take stock and share visions for the future of mapping Greek antiquity.

The workshop takes place on Wednesday, June 28, 2023, 17.00-19.00h
at the Swedish Institute at Athens, Mitseon 9.

For registration (Zoom and live presence), please visit:
