

Filip Jers Quartet
representing Sweden at
Athens Jazz Festival & Preveza Jazz Festival

The Swedish Institute at Athens has invited Filip Jers Quartet to perform at the:

- **19th Athens Technopolis Jazz Festival** on Thursday May 30, at 21.00
- **17th Preveza Jazz Festival** on Friday, May 31, at 22.00

The band consists of **Filip Jers** (Harmonica), **Henrik Hallberg** (Guitar), **Vilhelm Bromander** (Double Bass), **Wille Alin** (Drums).

Filip Jers Quartet has refined the idea of a meeting between jazz and traditional folk music and applied it to a contemporary jazz ensemble where the harmonica plays the lead role. The result has attracted attention from jazz festivals and jazz clubs at both the national and international level. If the quartet in their critically acclaimed debut CD Filip Jers Quartet took inspiration from Toots Thielemans they are now moving towards the strong tradition of Nordic Jazz, following the path of Swedish jazz legend and pianist Jan Johansson, among others. On stage, they show a playfulness and virtuosity that rarely leave anyone unaffected.
